Today on Charge of Stealing
Tires From Garage

EMPLOYED AT BOX FACTORY

Defendant Attempts to Prove an Alibi by Showing That He Was Working Night of Theft

The case of the State against Floyd Bryant of Carthage, charged with grand larceny, was in the hands of the jury at three o'clock this afternoon, after deliberating at that time for an hour without reaching a decision.

The defendant gave his age as 23 years old, and has been employed for more than four years at the American Paper Products company at Carthage. He was accused of stealing tires from the Lindenwood garage in Carthage, and the alleged theft was valued at \$40.

The defense denied the charge, and attempted to show the jury that he was working in the factory on the night of the alleged theft.

The jury was impaneled this morning to try the case, consisting of the following twelve men: Harry D. Vogle, Louis R. Hill, Michael Scanlan, Oliver Megee, Roy Ormes, Charles Logan, William Grocox, Jesse Logan, Michael McDonald, E. E. Polk, Ed Benedict, and J. H. Stevens.

Among the new business in court filed today, is a petition by Arthur and Marie Hendrix, asking for the adoption of Allen Deloris Lewis, 3 year old son of Horace Lewis. The matter will be taken up within a few days by the court.

The Swine Breeders Pure Serum Company of Thorntown is plaintiff in a suit filed against Charles E. Morris, a veterinarian of Milroy, in which the plaintiff is attempting to collect \$1,000, which it alleges is due on an account that is said to be past due.

A HOT RECEPTION

Friendship Is The Fundamental Of Christianity-R. E. Mansfield

Speaks Briefly at Musical Tea Given by Friendship Class of St. Paul's Church for Ladies Aid Societies of City, For Benefit of New Church Basement.

Robert E. Mansfield gave a short but interesting talk on the subject of "Friendship" at the musical tea given at the home of Mrs. Charles J. Fisher Friday afternoon, by the Friendship class of St. Paul's M. E. Sunday school. Members of ladies aid societies of all churches were guests.

Mr. Mansfield began his talk by asking the question, "Have you ever stopped to think what friendship is and what the world would be without it?" "It is a fine thing," he added, that the church has such a class as this Friendship class that does the work that it does. If they can establish more real friendships they have made progress along the lines of Christianity."

He suggested that if "we do not know our next-door neighbor, that we should get acquainted and build up a lasting friendship." Mr. Mansfield deems it better to know one friend and know him well than to visit foreign lands, he said. Friendship has been one of the fundamentals in his life and is the fundamental of Christianity, and without Christianity the world would be lost, the speaker declared.

He ended his talk by saying that he would want no better or finer epitaph inscribed on his grave than—"He was a good friend."

The guests were entertained at two different hours, the societies of the Christian and Baptist churches being entertained from 1:30 to 3:30 o'clock and the societies of the First Presbyterian, St. Paul's M. E. and the First United Presbyterian churches being guests from 4:00 to 6:00 o'clock.

The program for the first hour was given by Mrs. Russel Harton of Milroy, on the violin. She rendered three beautiful numbers, entitled "Adoration," "Gavotte Roccoco," and "From the Land of the Sky Blue Water." Mrs. Verl Bebout very ably accompanied her on the piano. Miss Lavienne Compton gave a group of readings and received much applause. The program for this hour ended with a few solo numbers by Mrs. Neff Ashworth.

During the second hour, Miss Helen Jaehne, an instructor in the high school, sang "Serenade" and responded with an encore. She was also accompanied on the piano by

BANKERS PREFER FURTHER CHARGES

File Amended Petition Alleging Additional Acts of Bankruptcy on Part of McCray

HEARING ADJOURNS A WEEK

Will be Reconvened at Frankfort During the Week of December 3—J. P. Goodrich Testifies

(By United Press)
Indianapolis, Ind., Nov. 23—Attorneys for the three Fort Wayne banks seeking to have Governor McCray declared bankrupt today filed an amended petition charging additional acts of bankruptcy on the part of the governor.

All these acts, the petition said, gave one creditor preference over another.

The hearing was adjourned until week of December 3, at which time the hearing will be reconvened in Frankfort.

Former Governor Goodrich said that everyone who subscribed to the loan to McCray expected to have one thousand more acres of land turned over as security than was actually turned over.

"Everybody understood the night before that we would get one thousand and acres more than we did," Goodrich said, "but we got one thousand, two hundred acres of land that had a \$100,000 mortgage on it."

Goodrich reported to us from the very first conference that the McCray Farms Realty Company owned 5,200 acres. That was 1,000 more acres than the company owned. Goodrich testified the notes given to the pool by McCray were due in two years unless the interest payments were kept up. He testified there was no possibility of the interest being paid.

Goodrich told of the formation of a \$350,000 pool to aid Governor McCray at the hearing today on the petition to have McCray declared bankrupt.

Goodrich said the money was used to pay \$155,000 to the Discount and Deposit bank at Kentland \$155,040 to pay the state board of agriculture for the money McCray had borrowed \$30,000 to the Fletcher American National Bank, Indianapolis, and \$10,000 to the Aetna Trust company to pay the expense of operating the trust.

McCray first approached him in June to tell of his dire financial straits and to seek aid. Goodrich said, although the "pool" was not

SANITY COMMISSION CONDUCTS INQUEST

No Finding Returned in Case of Tully Caldwell, Who is Awaiting Trial—Other Findings

SEVERAL SUITS SETTLED

A sanity commission from Justice Stech's court held an inquest Thursday at the county jail on a petition of insanity for Tully Caldwell, a prisoner, who is awaiting trial in the circuit court on a charge of incest. The case will not be set, it is understood, until the commission returns a decision on their findings.

In Justice Stech's court a suit on account has been filed by Ball and Bebout against Russell Jordan, the demand for judgment being \$20. The case will be heard November 26 at 10 o'clock.

The suit of James Naden against John Murphy, an account suit, will be tried November 30, instead of November 24, as originally scheduled.

Several cases have been decided in his court, which are as follows: C. H. Tompkins vs Levi Crull, on account, defendant defaulted and plaintiff awarded \$42.55 judgment; S. L. Hunt vs David Wright, on account, defendant defaulted, judgment for \$9.18; S. L. Hunt vs Earl O'neal, on account, defendant defaulted, judgment for \$85.45.

INFANT AND CHILD HEALTH CLINIC HELD

State Board of Health Workers To Conduct One Regularly Here Every 3 Weeks

TO INTEREST LOCAL PEOPLE

The first of a series of infant and child hygiene clinics was held in the commissioners room of the courthouse this morning and several babies and small children were brought to the clinic by their mothers for examination.

The examinations were conducted by Dr. Adeline Muehli of the child hygiene division of the state board of health, assisted by Miss Margaret Kohle, a registered nurse, also of the child hygiene division.

Miss Kohle said it was the intention of the child hygiene workers to hold a clinic here every three weeks until the clinic is permanently established and then attempt to interest local people and physicians to carry it on.

This has been the policy of the child health division—to hold clinics regularly until local welfare workers will take it over. Their plans have been successful in Kokomo.

A county baby clinic was held here last year and was extensively advertised so that many babies were brought to the clinic. No attempt was made to hold a clinic on such a large scale this time as the health board representatives wanted more time to talk to the mothers.

TO ATTEND IN A BODY

All members of the K. of P. lodge are requested to meet at the K. of P. hall Sunday afternoon at 1:15 o'clock, to attend the funeral services of John Q. Thomas in a body.

WEBB VOTES FOR AN ORGANIZATION

Patrons Decide to Meet in Two Weeks to Form Parent-Teachers Association

EDUCATION WEEK SESSION

Other Meetings Throughout County Are Attended by Large And Interested Audiences

Patrons of the Webb school, southwest of Rushville, voted at the Education Week meeting at the school house Thursday night in favor of organizing a parent-teachers association and another meeting will be held at the school house two weeks from last night for the purpose of forming such an organization.

Last night's meeting was one of the series of gatherings held throughout the county this week in observance of American Education Week, which has received wider recognition locally than ever before in the history of the movement. The purpose of the special week was to stimulate interest of school patrons in the schools and to promote the organization of parent-teachers associations wherever possible.

The only other meetings scheduled for the week will be held at Richland tonight and Raleigh Saturday night. Will P. Jay of this city is expected to speak at Richland tonight and Judge Will M. Sparks will address the Raleigh meeting tomorrow night.

E. B. Butler delivered the address at the Webb meeting last night before a large and interested audience. Children of the primary grades presented a Mother Goose health play that received applause.

Gates Ketchum delivered the address for the Gings school community observance at the Plum Creek Christian church Thursday evening. His speech was preceded by a long program which entertained the large audience of school patrons present. The program consisted of music, recitations and dialogues. The school sang "America" in English and the Sophomore class sang it in Latin. The school also sang "The Star Spangled Banner" and gave a play-let that was very much appreciated.

Albert F. Cotton, director of physical education in the Rushville schools, spoke at the Milroy school meeting Thursday afternoon, instead of Thursday night, as originally scheduled.

No meeting in observance of the week was held at Arlington, due to the inability of the school to obtain the speaker with whom the principal had made arrangements to come.

The Moscow school meeting, which was scheduled for Thursday night, was changed to Tuesday night on account of a Lyceum course number to be held there tonight. Donald D. Ball, county agricultural agent, was the speaker. The meeting was held in the Moscow Christian church.

Can't Stop Joint-Ease

"You can't stop people from buying Joint-Ease for sore throat and cold in chest," writes one of our druggist friends. "They say it's the best ever."

We know that, of course, but please remember that Joint-Ease is for stiff, swollen, painful joints, whether rheumatic or not, and its tremendous sale for that purpose proves that it is the one joint remedy that gets the most satisfying results.

A tube costs 60 cents at druggists everywhere. Just rub it on and in a few seconds it disappears completely under the skin, and relief follows instantly. For sale by all druggists.

Holiday Stickers

Once more the season is coming when we will be called upon to buy Christmas Seals, little messengers of mercy that help bring the light of hope to souls that have been closed against it. These little holiday stickers are sold at the happiest time of the year and it is appropriate that they, bearers of gladness, should make their appearance at such an opportune season.

Seal salesmen are organizing; lines are being drawn tight and Saturday they will hear the signal that sends them out against the enemy of ill health, hopeless desolation and finally death. They should meet with ready response from the people of Rush county because there is none in all of the heard confines of this prosperous community who is so ignorant as not to know the appeal which the Christmas Seal makes.

Everyone knows the mission of the Seal. It is out to gather money for those who are afflicted with tuberculosis and to prevent others from being overcome by the most dreaded of all diseases common to mankind. It functions through tuberculosis clinics and visiting nurses who look after the health of those who have not the means to seek medical advice when they should.

We in Rush county have seen what the Seals money will do and realize what its possibilities are. Therefore

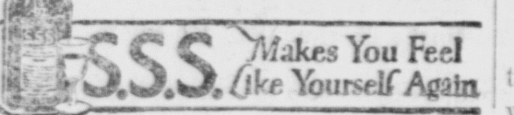

HEALTH and beauty go hand in hand. Where the system is run down—the face drawn and haggard—the body limp and lifeless—beauty is missing. Looks of pity supplant those that might have been gazes of admiration.

Restore your health and beauty will take care of herself. S. S. S.—the rich blood builder—rekindles the spark of health and lights the blaze of beauty by building red blood cells. The nerve power of your system finds life in these very blood cells. Build more red blood cells and your nerve power will increase. S. S. S. builds them. Rich blood will tingle through your system. That lost charm will return. Your entire system will be repaired. You will be ready to cope with the impurities and blemishes that handicap beauty.

As physical health means beauty, so, too, does S. S. S. mean beauty. For S. S. S. means systems that are free from impurities—pimples, blackheads, acne, boils, eczema, rheumatism. S. S. S. and good health go hand in hand.

S. S. S. is made of pure vegetable ingredients. It is sold at all good drug stores. The large size bottle is more economical.

we can not afford to pass by the little holiday sticker when he makes his appeal for help.

Johnson's Candidacy

A voluntary correspondent of the Indianapolis News, living in Chicago, wonders how Hiram Johnson of California expects to win the republican presidential nomination with a chewing gum factory back of him, when Leonard Wood couldn't do it in 1920 with soap factory furnishing the suds that oiled the political machinery.

And this correspondent has cause for wonderment. Proctor's soap bubbles exploded and Gen. Wood was defeated as he should have been, because of his wanton use of money in the effort to capture the nomination. Now the California volcano is going to attempt to stick down the delegates with chewing gum. Millionaire Wrigley is definitely lined up with Johnson and his candidacy.

The national convention indicated by its action that it frowned on the practice followed by Wood's managers in trying to buy a nomination. Johnson should be sat upon just as emphatically.

It will be difficult for party men to lend aid and comfort to Johnson's candidacy. They can not soon forget that he walked out of the 1912 convention and was second in command of the movement that submerged the G. O. P. ship; that he defeated Hughes in California in 1916, and that he seldom is lined up with the majority in the senate.

It's Up to Us

Conditions all over the United States are prosperous. Working men are employed at good wages and factories are selling their output at good prices.

What interest has any citizen of the nation in supporting political policies or candidates for office tending to destroy confidence, curtail payrolls and limit production?

Every citizen, regardless of his policies, and every political party should fully realize that responsibilities involved in disturbing the present industrial condition in this nation through the adoption of theoretical experiments or questionable candidates for office—local, state or national.

It is well to remember that in the long run we all make our living from industry and agriculture as it grows and prospers under a stable form of government rather than from political experiments which destroy value and the opportunity for growth and development.

A. B. C. FROWNS ON CONTESTS

(The Publishers' Auxiliary)

Circulation gained by contest methods was frowned on by the Audit Bureau of Circulations at its annual meeting in Chicago last month. In fact, it went further than that, as it stated point-blank that subscribers added by means of contests will not be classed as net paid subscribers hereafter in rendering a report to advertisers.

To get the importance of the ruling one must know that the A. B. C. is one of the great powers in the newspaper game today. Even more than the Associated Press it is a neutral organization. Its judgments are taken as gospel by all big advertisers. Money will not buy its favorable report, nor will prejudice keep a deserving paper from being praised. That being so, it means that when it says contests do not get readers who are of any value to a paper, it means just that.

A homely woman with a lot of money can get married as quickly as a beauty, but she will not get the soulmate she desires, except in rare cases. A paper with a circulation gained through the free offer of an auto, or a trip to Atlantic City, will not get results for an advertiser like the paper that has real merit back of it.

When the A. B. C. says contests do an advertiser no good it comes pretty near being the fact. Contests are just stimulants. Like morphine they leave the patient in worse condition at the finish than they found him. There is no deviation from this rule in medicine. In newspaper work there are some who get by and show a certain profit, but the proprietor usually finds himself giving away papers two or three, or five years afterwards, long after the money has been spent and forgotten.

An editor should make a paper that should be taken for itself alone, backing it up with all kinds of advertising in his own columns and along the roadside, but he should avoid sugar-coating the pill for his subscriber.

Governor Charles A. Templeton of Connecticut has announced a thorough investigation will be made into practices of alleged "diploma ring," whereby many men have, it is said, obtained doctors degrees through bribery. Many hospitals in various sections are said to be involved.

AGO TODAY

From The Daily Republican

Tuesday, Nov. 24, 1908

One of the most disastrous country fires in the county for many years was the conflagration last night on Mrs. Jerome Ellison's farm, six miles southwest of here, which resulted in an \$8,000 to \$10,000 loss. The farm is occupied by Orle Green and together with the owner, he sustained a heavy loss. Eleven head of fine horses were burned alive in the fire.

Twenty pupils of music, who have been taking lessons under the tutelage of Sister Mary Louise, gave a recital at the old Catholic church last night and was attended by two hundred of their friends.

Charles Combs, the popular young son of Mr. and Mrs. William Combs of Glenwood, and Miss Bessie Carter, the accomplished and one of the popular young ladies of this city, the daughter of Mr. and Mrs. Mort Carter of North Sexton street, were secretly married in Newport, Kentucky, September 10, 1908.

The first number of the lecture course under the auspices of the Senior class of the Rushville high school will be given by the Ladies Commonwealth orchestra of Boston at the Main street Christian church tomorrow evening at 8:15 o'clock.

A forest fire of great extent which had been raging in the country just south of Orange since last Saturday afternoon, was put out last night, says the Connersville News, after persistent fighting by all the farmers of the neighborhood. The source of the fire is unknown, but it is believed to have spread from a cigar stub dropped among the dry leaves.

Mrs. George Davis personally conducted the members of the Coterie on a tour of inspection of the Rushville telephone plant Monday afternoon, after entertaining them with a most intensely interesting and instructive paper on the telephone from its earliest inventions to the time when Alexander Graham Bell became the inventor of the telephone in America.

Miss Flora Gutapfel will attend the wedding of her cousin, Miss Mollie Schweitzer in Sumner, Ind., on Thanksgiving day.

Miss Nancy Hogsett and Mrs. Fanny Study will see Nat Goodwin in "Cameo Kirby" at English's in Indianapolis, Thursday evening.

Miss Arleigh Offutt returned yesterday afternoon from a week's visit in Indianapolis.

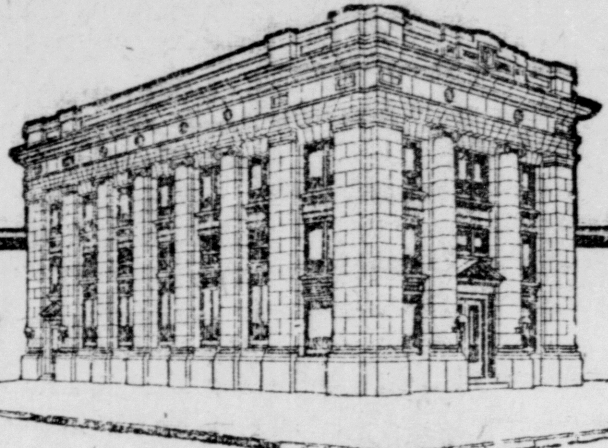

Mrs. Hillary Haydon and children left yesterday for a short visit with Mr. and Mrs. Mark Williams in Seymour.

Rev. A. N. Marlatt of Connersville will go to Kenosha, Wisconsin, tomorrow night, to spend Thanksgiving day with his son, Walter T. Marlatt, city editor of the Kenosha Evening News. While there Rev. Marlatt will baptize his grandson, Walter T. Marlatt, Jr.

Secret of His Success

One of the most noted, successful and richest men of this country in a recent article said, "Whatever I am and whatever success I have attained in this world I owe it all to my wife. From the day I first knew her she has been an inspiration and the greatest helpmate of my life." Health is the first essential of every woman who wants to be a successful wife and to hold the love and admiration of her husband. If a woman finds her energies flagging and dark circles appearing under her eyes, she has backache, headaches, nervousness and "the blues", she should take Lydia E. Pinkham's Vegetable Compound the medicine which holds the record of helping 98 out of every 100 women who try it. There is nothing better.

BIG TEN TEAMS TO END SEASON

Conference Football Curtain Will De-
scend On What Has Been Termed
A Successful Season

FINAL GAMES SATURDAY

Illinois And Michigan, Leaders And
Undefeated, Will Meet To Decide
Championship

Chicago, Nov. 23.—The curtain will be run down Saturday on the 1923 football season of the Big Ten conference, —one of the most successful in the history of the game in the middlewest.

Two powerful teams—Illinois and Michigan—both undefeated and tied for conference leadership, take the field against worthy opponents in an effort to complete their schedules without a stain. Illinois, playing a harder schedule than the Wolverines, journeys to Columbus O., to face Wilce's Ohio-State eleven. If the Illini win as expected, they will have come through five conference games without defeat. In addition, Illinois defeated Nebraska and Butler College.

Michigan stays at home to meet the powerful Minnesota squad, which has been coming along without defeat. Minnesota was virtually put out of the running by playing to a scoreless tie against Wisconsin. The Yostmen are expected to win by a small margin from the Gophers, giving them four conference victories in as many starts.

Wisconsin and Chicago meet in another game at Stagg Field. Neither team has much advantage, except that Stagg's men are possibly in better physical condition.

Northwestern, kicked around all over the conference this year, entertains Iowa at the Evanston, "home coming." Coach Thistlethwaite has announced he will discard sentiment and put young material into the line-up although it will be the last chance for several of his regulars to appear in Purple suits. Iowa should encounter no difficulty in winning by a comfortable margin.

Indiana and Purdue, both put out of the running early in the season, will clash at Bloomington for the "Big Ten championship of Indiana."

With every member of the Big Ten playing this Saturday, all interest in the east centers in the Yale-Harvard game. All Harvard men know at heart that the only chance for victory rests in the possibility that Yale will beat itself. Yale teams have done such things in the past.

Playing to the vanity of Yale in the hope of filling the team with too much confidence, Harvard is sending out "gil Dobie" lamentations and Harvard men in New York maintain its 5 to 2 against us.

Yale not only feels sure of victory but its fondest hope is to score more than 41 points, a record that Harvard holds over Yale since 1915.

Because Yale has such a chance to smear Harvard, the Yale-Harvard game outranks the classic Army-Navy battle here Saturday in general interest. Both games will be jammed to the capacity of the fields but Harvard and Yale have the biggest following for the day.

Navy this year is in much the same under-dog position of Harvard. Both cadets and midshipmen have been defeated this year, but the Army looks to be two touchdowns better than the Navy eleven.

The cadets have a powerful team, a fine backfield behind a great line, but the soldiers are not as mentally alert as Yale, Cornell, Syracuse and the other leading eastern teams.

A lot of eastern interest will follow the Syracuse team to Nebraska. Despite its defeat last Saturday by Colgate, Syracuse is still one of the real teams of the east. Syracuse defeated Nebraska last year after Nebraska had beaten Notre Dame and the same situation presents itself this year.

FANNING WITH ARRELL

Third Down! One Yard To Go!

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Nov. 23.—Football is on the third down tomorrow with one yard to go. The major teams that will not buck the last game over the line tomorrow will have their last down in the Thanksgiving Day games on next Thursday.

Activity in the east is almost entirely confined to the Yale-Harvard and the Army-Navy games and it is just as well that the schedule for the day is light, as there is hardly enough room for those two big classics of the season.

Yale and Harvard will play before 70,000 spectators in the Harvard stadium at Cambridge and the Army and Navy will battle before 65,000 in the Polo Grounds here.

The crowds that will be packed in for both games will be only a small part of the mob outside the games that would be looking on if they could find a place or a ticket.

Yale's return to the old days of great teams has revived interest in

Bloomington, Ind., Nov. 22.—Indiana will close its 1923 football season Saturday on Jordan field in a game with its ancient rival Purdue. All through a season of reversals the Crimson team has been pointing to the contest with the Boiler Makers. Early in the year Coach W. A. (Navy Bill) Ingram centered the interest of his men on this bitter struggle and has not allowed them to relax in their preparation since the first day of football practice late in September. At Annapolis, where Ingram starred for three years, a season of defeats is entirely forgotten if the sailors finally triumph over their traditional soldier rivals from West Point. At Indiana much the same feeling prevails over the coming contest with Purdue.

Indiana will enter the game as the under dog. Comparative scores show Purdue to have the edge. Wabash, played to a 7 to 7 tie by the Boiler Makers, defeated Indiana 29 to 6. Indiana defeated Northwestern 7 to 6 while Purdue downed the Purple, 6 to 3. Chicago defeated Purdue 20 to 6, and downed Indiana 27 to 0; Purdue has scored a total of 65 points compared with her opponents' total of 103. Indiana has counted 46 points to her opponents' 117. Crimson fans are placing little faith on the scores for the season, however. They remember only the flashes of real football that Indiana has played during the fall. They are basing their hopes on the Crimson's victory over Northwestern, and the great stand the Hoosiers made against Chicago for three quarters.

Ingram has spared no effort to have his men in perfect condition for the fray, and is putting them

the battle between the two ranking members of the "Big Three."

In the past three years, the Yale-Harvard game to the public has just been a game with a lot of tradition behind it and a game that presented an opportunity to display a high social position by getting hold of a ticket and boasting about it.

But with Yale standing for the championship of the east and the word going around in Yale circles that Tad Jones' team will try to give Harvard the worst beating in its history, has aroused great interest.

For some reason, large numbers of easterners like to see Harvard beaten, and while Yale is not the most popular university in the east, part of the public is behind any team that looks like a winner over Harvard.

If Yale does not beat Harvard tomorrow, Yale will feel like quitting football, and the east probably will vote: "You should quit."

Among the 65,000 that will gather in the Brush stadium tomorrow will be only army and navy officers, ranking politicians from Washington, cadets and midshipmen and those who "know" army and navy officers, politicians or cadets and midshipmen well enough to pry a ticket away from them.

through one of their hardest weeks of the year. The freshman team, using Purdue formations, scrimmaged against the varsity every afternoon early in the week, and Ingram promises no Jteup until Friday, when he will allow the men to relax in preparation for the battle on the following day. The injury to Lawrence Marks in the Wabash game made the Crimson cause bleak for a time, but the sophomore halfback has improved and it is almost certain that he will be able to play at least a part of the Purdue game.

Saturday's battle, which is the feature event of Indiana's 1923 Homecoming for alumni, is significant because it will be the last football game played on historic Jordan field. Indiana's new memorial stadium will be ready for use next fall and the old field will then be converted into a practice gridiron.

Indiana fans believe a fitting close for the gridiron will be a victory over Purdue. The Hoosiers have made an available record on the old stamping ground and to them it would be nothing less than tragedy to close the gates with defeat. Of the 95 games played on Jordan field, Indiana has triumphed in 74; 17 have been won by opponents; and 4 have resulted in ties. In the 26 years of competition on Jordan field the Crimson has scored 3,115 points against 419 for invaders.

The field has been the scene of many thrilling engagements and the greatest teams of the Mid-West, as well strong teams from the East, have battled within its enclosure. The hardest fought games of all have been the annual struggles between Purdue and Indiana.

Neither team has a successful record for the 1923 season but Purdue holds a slight edge by comparative scores. A fierce battle is expected, however, since history shows that the rivals battle super-humanly when pitted against one another. On the all-time record, Purdue has won 12 games to Indiana's 8, and three have been ties. Purdue has not won a victory over Indiana, however, since 1915.

COACHES TEAM HANDICAPPED

Defeated by Greensburg Y. M. C. A.
Five Thursday Night, 45 to 23

The Rush county coaches basketball team, playing under a heavy handicap, was defeated Thursday night by the Greensburg Y. M. C. A. team at the Greensburg "Y" by the score of 45 to 23. Three of the regular players of the Rush county team were unable to be in the game, which made defeat practically certain. Blythe Scales of Raleigh and Jimmie Hyatt of Arlington were both absent from the line-up and Paul Royalty of Milroy arrived barely in time to play the last half.

The Greensburg team is strong, being composed of some former Sandusky high school stars.

The name of Claude Thompson was unintentionally left out of the list of guests who attended Mr. and Mrs. Green Thompson's birthday celebration at their home in Glenwood Wednesday. Mr. Thompson is the only son of Mr. and Mrs. Green Thompson.

About twenty relatives and friends of Mr. and Mrs. Thomas Smith delightfully surprised them Thursday evening at their home in North Sexton street, honoring the latter's birthday anniversary. A delicious pitch-in supper was served and the evening was spent in playing cards and with music.

Mrs. Quince Whitton planned and carried out a delightful surprise Thursday evening on her husband, honoring his birthday anniversary. The party was held at their home in

West Fifth street and a delicious pitch-in supper was served to about thirty-five relatives and friends of the honored guest. The evening was spent informally with music.

Art Payne and His Orchestra of Louisville, Ky., scored a big hit with the dancers in this city, Thursday evening, when they played for the dance given at the Elks dance hall in East Second street. About forty couples enjoyed the evening in dancing, including a number of out-of-town guests. The Elks club will also have another dance next Thursday evening, which will be the annual Thanksgiving dance.

The King's Herald of St. Paul's M. E. church held a splendid meeting Thursday afternoon at the home of Mrs. J. H. Scholl in North Jackson street. In the absence of the president, the vice-president, Charles Davis, presided over the meeting, and led the devotional period, which opened the program. Mrs. Scholl gave the lesson which was on "Japan" and Miss Edna Dolan gave a reading. Thirty members and eight guests were present for the meeting, and three new members were added to the organization. Dainty refreshments were served by the hostess at the close of the meeting.

The Christian Union Aid Society of Homer and a few guests were royally entertained at the country home of Mrs. Charles Cassady on Thursday afternoon. The meeting was opened by singing "America", followed by the reading of the scripture by the president, Mrs. Annie Abernathy, and prayer. Mrs. Nellie Booher also led in prayer. During the business session plans were made for the food sale to be held at Shelbyville, Wednesday, November 28. Then a literary program was given consisting of readings and an interesting talk by Mrs. Dessie Lower on her trip through the west. At the conclusion of the program the guests were invited into the dining room where a two course luncheon consisting of oyster soup and coffee, and brick ice cream, cake and punch, was served. The next meeting will be held at the home of Mrs. Annie Abernathy in Homer. Every member is requested to be present and to bring a package not to exceed 25 cents for the Christmas grab bag.

Mrs. Verl Bebout. Two readings entitled "Penrod's Busy Day," and "A Woman's H", were splendidly given by Mrs. John M. Swain, wife of the high school basketball coach. Mrs. Harton gave the same numbers she rendered at the first hour, and as

the closing feature Mr. Mansfield gave his talk.

The home was very prettily decorated for the occasion with yellow chrysanthemums, ferns and floor lamps, their lights casting a soft yellow glow over the rooms. At the close of both hours tea and wafers were served to the guests. At the first hour Mrs. Fisher and Miss Jesse Anderson presided over the tea tables, and at the second, Miss Helen Scudder and Miss Anderson poured the beverage.

The different societies of the city responded splendidly to the invitations and the hostesses want to thank their guests for the liberal offering they gave for the benefit of the new basement fund of the St. Paul's M. E. church.

completed until August. A number of conferences led up to the final arrangements for the pool, according to the testimony.

Goodrich said he investigated McCray's financial standing only in so far as the assets turned over to secure the \$350,000 loan were concerned.

The witness was unable to tell just how the money was returned to the state board of agriculture.

"You took over 10,500 shares of the common stock of the Warren T. McCray Farms Realty company for your trust, did you not?" Goodrich was asked.

Goodrich verified the transaction, and said the company held 4,262 acres of land.

"What value do you place on the stock of the company on October 6, 1923?"

The petition in bankruptcy was filed Oct. 6.

Attorneys for McCray objected strenuously to the question.

"Twenty-five to 50 cents on the dollar," Goodrich answered. "There is no sale for it now."

The ladies of the Blue River Baptist church will hold a chicken exchange Wednesday morning, November 28, in the American Security office.

Miss Mary Junken's class of the Main Street Christian Sunday school will hold a food exchange at the Weeks meat market Saturday morning.

Tipton—"Very humiliating" said Mrs. Ida Farmer when her husband became infatuated with a step-daughter and left for parts unknown. She asks a divorce.

Greensburg—The old Billy Glass tavern, reputed to be the oldest building in the town of Adams, is to be torn down to make room for a garage.

Brownstown—The Jackson county jail here is a pretty lonesome place these days. Charles Sheldon, the only prisoner, wouldn't have been there if he hadn't failed to pay his dog taxes. His sentence of fourteen days ended today.

Fort Wayne—Police here are looking for a huckster who sold a grocer ten cases of strictly fresh eggs. The man collected \$123 and departed when the grocer unpacked the eggs, he found that in each case there was one layer of eggs. Beneath this layer nothing but paper and bricks were found.

Churubusco—George Collman took a revolver with him when he went into the field to husk corn in the hope he might pot a rabbit. He found a rabbit, but in his hurry to hit him, he shot himself through the hand.

Richmond—The Henry Shaw gold medal, the highest prized American floral award, given for the most attractive new flower, has been awarded to the "Sensation" rose originated by Joseph E. Hill, Richmond florist.

Portland—An all-city cantata for the Christmas season is planned by the Portland Musical club. The chorus will be composed of members of every choir in the city.

Columbus—Santa Claus has opened a branch factory here. Beginning this week, Christmas toys are to be made by the manual training students of the high school.

Terre Haute Observance

Terre Haute, Ind., Nov. 23—So far as 13,000 school children in Terre Haute are concerned, educational week could go by without being observed.

Tonight in honor of Education week from 7 until 9 all classes, from Kindergarten to high school, will go through the regular day routine for the benefit of parents and visitors. It is the first and perhaps last time that children here will attend school at night.

Tomorrow evening the 500 city school teachers will give a song fest in the Wiley High school gymnasium.

"Habit" At The Castle

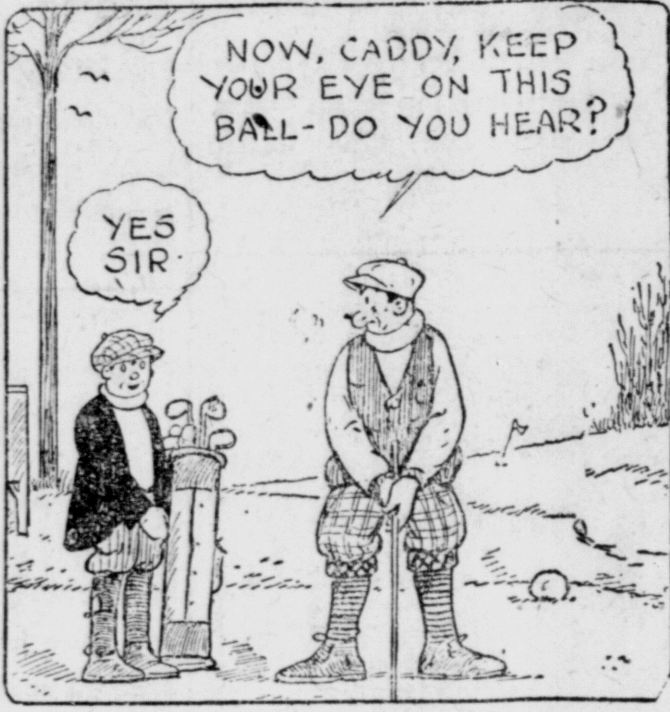

On the heels of "If Winter Comes", which scored a tremendous hit at the Castle theatre, comes another Fox triumph of a very different sort, but talked about as much, in a comedy for Friday and Saturday, called "The Unreel News Reel", using as a slogan "Sees All, Knows Nothing". It is a burlesque on the present day news reels, hard to describe with the word it is so unique and different.

To be shown in conjunction with this picture, will be "Habit", featuring Mildred Harris today and Saturday.

So popular in theme and so full of drama is "Habit" that it is head and shoulders above the ordinary screen drama written by some unknown scenario writer. It fairly snaps and sparkles with clever lines and tense situations. It is superbly mounted and so splendidly enacted by a well balanced cast, including Mildred Harris. It tells of the evil of allowing habits to enslave us. It deals with the forbidden fruit of desire with swift bold strokes that carry the spectator breathlessly to the conclusion.

Perhaps the scenes of most interest to women are those in the atelier of a Fifth Avenue importer and designer, where models wearing

DOINGS OF THE DUFFS

a hundred thousand dollars worth of furs and furbelows parade. The extent and riches of the fashions shown will interest all women in that these styles are all actual ones that will be worn this winter by leaders of fashion.

Hoot Gibson at Mystic

In former years it was only the old trooper of the stock company who could play any kind of a part in short notice, but Hoot Gibson in "Single-Handed," the Universal attraction at the Mystic today only shows that nowadays it's the screen

that produces the real Protean player.

Gibson, formerly noted for his western characterizations, has recently been appearing in an entirely new kind of role. In "The Gentleman from America," he portrayed a dumb-bell American dough-boy blundering about Europe after the armistice. In this story he surpasses even that comedy cream in the role of a country town boob who gets into more comical situations than a dozen ordinary people, and takes them twice as seriously.

"Single-Handed" was written for

Gibson's use by Edward Sedgwick, who directed the star in many of his most successful photo-plays. Sedgwick also directed the production from George C. Hall's continuity.

To assure perfect interpretation of the story, Universal selected players of unquestioned ability to support Gibson, including Elinor Field, Tom McGuire, Dick La Reno, William Steele, Phillip Sleeman and others.

Vaudeville At Princess

Novelty musical entertainers, Flores Diana and Mark Galvan, will be the headline attraction as a vaudeville bill today and Saturday at the Princess, in connection with the usual showing of motion pictures.

Stories of crook life, as well as pictures that depict the simple country life, are always interesting. When these two phases of life are blended in a picture by such an expert director as Irving Cummings, aided by Alice Lake, Milton Sills, Ralph Lewis, Gertrude Claire, Ben Hewlett and Richard Hendrick, a startling, thrilling and entertaining picture is sure to result.

In "Environment," a new Principal Picture which is being shown today and Saturday at the Princess, Mr. Cummings has made a feature of extraordinary force. The story was written by Harvey Gates, an author who knows his subject matter and has translated it into terms of compelling drama—the drama of life in the underworld of a big city—the drama of a storm-tossed soul who found environment—the drama of a crook who found redemption. To miss it is to miss the treat of the season.

"Spice Of 1922"

Opening Monday night, November 26th, for all week with special matinee Thanksgiving Day at 2:30, the attraction at the Murat, Indianapolis, will be "Spice of 1922", a musical revue which comes to us after a run at the New York Winter Garden and after touring the coast. There will also be matinees Wednesday and Saturday. It is presented by Edward L. Bloom, Manager of all the Messrs. Shubert Winter Garden attractions. This revue was written by Jack Laid and is in two acts and exactly 31 scenes.

There is a special orchestra under the direction of Andy Byrnes and we are promised the original company intact.

"Spice of 1922" is different in its construction from other musical revues seen here in many seasons. While it is revue like in character, "Spice of 1922" has a satirical story and portrays the foibles of the well known human race in the most amusing fashion, in song, story, dance and numerous skits written by Jack Laid. The cast is headed by Brendel and Berb, who have not been in Indianapolis for a long time last appearing in one of Passing Shows.

BRYANT CASE IN HANDS OF JURY

Carthage Man Is Tried in Circuit Today on Charge of Stealing Tires From Garage

EMPLOYED AT BOX FACTORY

Defendant Attempts to Prove an Alibi by Showing That He Was Working Night of Theft

The case of the State against Floyd Bryant of Carthage, charged with grand larceny, was in the hands of the jury at three o'clock this afternoon, after deliberating at that time for an hour without reaching a decision.

The defendant gave his age as 23 years old, and has been employed for more than four years at the American Paper Products company at Carthage. He was accused of stealing tires from the Lindenwood garage in Carthage, and the alleged theft was valued at \$40.

The defense denied the charge, and attempted to show the jury that he was working in the factory on the night of the alleged theft.

The jury was impaneled this morning to try the case, consisting of the following twelve men: Harry D. Vogle, Louis R. Hill, Michael Scanlan, Oliver Megee, Roy Ormes, Charles Winslow, William Grocox, Jesse Logan, Michael McDonald, E. E. Polk, Ed Benedict, and J. H. Stevens.

Among the new business in court filed today, is a petition by Arthur and Marie Hendrix, asking for the adoption of Allen Deloris Lewis, 3 year old son of Horace Lewis. The matter will be taken up within a few days by the court.

The Swine Breeders Pure Serum Company of Thorntown is plaintiff in a suit filed against Charles E. Morris, a veterinarian of Milroy, in which the plaintiff is attempting to collect \$1,000, which it alleges is due on an account that is said to be past due.

A HOT RECEPTION

Friendship Is The Fundamental Of Christianity—R. E. Mansfield

Speaks Briefly at Musical Tea Given by Friendship Class of St. Paul's Church for Ladies Aid Societies of City, For Benefit of New Church Basement.

Robert E. Mansfield gave a short but interesting talk on the subject of "Friendship" at the musical tea given at the home of Mrs. Charles J. Fisher Friday afternoon, by the Friendship class of St. Paul's M. E. Sunday school. Members of ladies aid societies of all churches were guests.

Mr. Mansfield began his talk by asking the question, "Have you ever stopped to think what friendship is and what the world would be without it?" "It is a fine thing," he added, "that the church has such a class as this Friendship class that does the work that it does. If they can establish more real friendships they have made progress along the lines of Christianity."

He suggested that if "we do not know our next-door neighbor, that we should get acquainted and build up a lasting friendship." Mr. Mansfield deems it better to know one friend and know him well than to visit foreign lands, he said. Friendship has been one of the fundamentals in his life and is the fundamental of Christianity, and without Christianity the world would be lost, the speaker declared.

He ended his talk by saying that he would want no better or finer epitaph inscribed on his grave than—"He was a good friend."

The guests were entertained at two different hours, the societies of the Christian and Baptist churches being entertained from 1:30 to 3:30 o'clock and the societies of the First Presbyterian, St. Paul's M. E. and the First United Presbyterian churches being guests from 4:00 to 6:00 o'clock.

The program for the first hour was given by Mrs. Russel Harton of Milroy, on the violin. She rendered three beautiful numbers, entitled "Adoration," "Cavotte Roccoco," and "From the Land of the Sky Blue Water." Mrs. Verl Behout very ably accompanied her on the piano. Miss Lavinia Compton gave a group of readings and received much applause. The program for this hour ended with a few solo numbers by Mrs. Neff Ashworth.

During the second hour, Miss Helen Jaehne, an instructor in the high school, sang "Serenade" and responded with an encore. She was also accompanied on the piano by

BANKERS PREFER FURTHER CHARGES

File Amended Petition Alleging Additional Acts of Bankruptcy on Part of McCray

HEARING ADJOURNS A WEEK

Will be Reconvened at Frankfort During The Week of December 3—J. P. Goodrich Testifies

(By United Press) Indianapolis, Ind., Nov. 23.—Attorneys for the three Fort Wayne banks seeking to have Governor McCray declared bankrupt today filed an amended petition charging additional acts of bankruptcy on the part of the governor.

All these acts, the petition said, gave one creditor preference over another.

The hearing was adjourned until week of December 3, at which time the hearing will be reconvened in Frankfort.

Former Governor Goodrich said that everyone who subscribed to the loan to McCray expected to have one thousand more acres of land turned over as security than was actually turned over.

"Everybody understood the night before that we would get one thousand and acres more than we did," Goodrich said, "but we got one thousand, two hundred acres of land that had a \$100,000 mortgage on it."

"Governor McCray reported to us from the very first conference that the McCray Farms Realty Company owned 5,200 acres. That was 1,000 more acres than the company owned. Goodrich testified the notes given to the pool by McCray were due in two years unless the interest payments were kept up. He testified there was no possibility of the interest being paid.

Goodrich told of the formation of a \$350,000 pool to aid Governor McCray at the hearing today on the petition to have McCray declared bankrupt.

Goodrich said the money was used to pay \$155,000 to the Discount and Deposit bank at Kentland \$155,040 to pay the state board of agriculture for the money McCray had borrowed \$30,000 to the Fletcher American National Bank, Indianapolis, and \$10,000 to the Aetna Trust company to pay the expense of operating the trust.

McCray first approached him in June to tell of his dire financial straits and to seek aid. Goodrich said, although the "pool" was not

MEETINGS TO END TONIGHT

Missionary Chautauqua to Close With Address by Children's Worker

The closing service of the Missionary Chautauqua, which has been in progress at the First Baptist church this week, will be held tonight at 7:30 o'clock, with Miss Myrtle Huckleberry as the speaker. Miss Huckleberry is the director of children's work for Indiana and is an expert in her line of work.

Dr. William Dring of Turin, Assam, who worked among the head-hunting tribes of the Assam hills, was the speaker Thursday night. His address revealed the wonderful progress made by Christian missions among the worst type of savages. At the close, he made a stirring appeal for a finer and more complete consecration to the work of Christ upon the part of those who professed membership in the church.

SANITY COMMISSION CONDUCTS INQUEST

No Finding Returned in Case of Tully Caldwell, Who is Awaiting Trial—Other Findings

SEVERAL SUITS SETTLED

A sanity commission from Justice Stech's court held an inquest Thursday at the county jail on a petition of insanity for Tully Caldwell, a prisoner, who is awaiting trial in the circuit court on a charge of incest. The case will not be set, it is understood, until the commission returns a decision on their findings.

In Justice Stech's court a suit on account has been filed by Ball and Bebout against Russell Jordan, the demand for judgment being \$20. The case will be heard November 26 at 10 o'clock.

The suit of James Naden against John Murphy, an account suit, will be tried November 30, instead of November 24, as originally scheduled.

Several cases have been decided in his court, which are as follows: C. H. Tompkins vs Levi Crull, on account, defendant defaulted and plaintiff awarded \$42.55 judgment; S. L. Hunt vs David Wright, on account, defendant defaulted, judgment for \$9.18; S. L. Hunt vs Earl O'Neal, on account, defendant defaulted, judgment for \$85.45.

INFANT AND CHILD HEALTH CLINIC HELD

State Board of Health Workers To Conduct One Regularly Here Every 3 Weeks

TO INTEREST LOCAL PEOPLE

The first of a series of infant and child hygiene clinics was held in the commissioners room of the courthouse this morning and several babies and small children were brought to the clinic by their mothers for examination.

The examinations were conducted by Dr. Adeline Muelchi of the child hygiene division of the state board of health, assisted by Miss Margaret Kohle, a registered nurse, also of the child hygiene division.

Miss Kohle said it was the intention of the child hygiene workers to hold a clinic here every three weeks until the clinic is permanently established and then attempt to interest local people and physicians to carry it on.

This has been the policy of the child health division—to hold clinics regularly until local welfare workers will take it over. Their plans have been successful in Kokomo.

A county baby clinic was held here last year and was extensively advertised so that many babies were brought to the clinic. No attempt was made to hold a clinic on such a large scale this time as the health board representatives wanted more time to talk to the mothers.

TO ATTEND IN A BODY

All members of the K. of P. lodge are requested to meet at the K. of P. hall Sunday afternoon at 1:15 o'clock, to attend the funeral services of John Q. Thomas in a body.

WEBB VOTES FOR AN ORGANIZATION

Patrons Decide to Meet in Two Weeks to Form Parent-Teachers Association

EDUCATION WEEK SESSION

Other Meetings Throughout County Are Attended by Large And Interested Audiences

Patrons of the Webb school, southwest of Rushville, voted at the Education Week meeting at the school house Thursday night in favor of organizing a parent-teachers association and another meeting will be held at the school house two weeks from last night for the purpose of forming such an organization.

Last night's meeting was one of the series of gatherings held throughout the county this week in observance of American Education Week, which has received wider recognition locally than ever before in the history of the movement. The purpose of the special week was to stimulate interest of school patrons in the schools and to promote the organization of parent-teachers associations wherever possible.

The only other meetings scheduled for the week will be held at Richland tonight and Raleigh Saturday night. Will P. Jay of this city is expected to speak at Richland tonight and Judge Will M. Sparks will address the Raleigh meeting tomorrow night.

E. B. Butler delivered the address at the Webb meeting last night before a large and interested audience. Children of the primary grades presented a Mother Goose health play that received applause.

Gates Ketchum delivered the address for the Gings school community observance at the Plum Creek Christian church Thursday evening. His speech was preceded by a long program which entertained the large audience of school patrons present. The program consisted of music, recitations and dialogues. The school sang "America" in English and the Sophomore class sang it in Latin. The school also sang "The Star Spangled Banner" and gave a play-let that was very much appreciated.

Albert F. Cotton, director of physical education in the Rushville schools, spoke at the Milroy school meeting Thursday afternoon, instead of Thursday night, as originally scheduled.

No meeting in observance of the week was held at Arlington, due to the inability of the school to obtain the speaker with whom the principal had made arrangements to come.

The Moscow school meeting, which was scheduled for Thursday night, was changed to Tuesday night on account of a Lyceum course number to be held there tonight. Donald D. Ball, county agricultural agent, was the speaker. The meeting was held in the Moscow Christian church.

TO ATTEND I. U. HOMECOMING

Members of the Rush County Principals association left this morning at six o'clock in company with B. D. Farthing, county school superintendent, for Bloomington where they will attend the two days session of the high school principals of the state. All of the local principals are in attendance except two, who were unable to attend, E. B. Butler of the Rushville high school also accompanied the local delegation.

The principals from this county were to have held their regular session last week, but decided to hold over for the trip this week-end.

While in Bloomington tomorrow, they will witness the Purdue-Indiana football game, which is a part of the home-coming program at the university.

A two day conference for the principals was planned, with several important addresses and topics of interest for the school heads. The session began at ten o'clock this morning.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be a superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, J. N. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. —Advertisement

Said Can't Be Done

"My experience with doctors' and medicines caused me to lose faith in both, and when a friend told me that Mayr's Wonderful Remedy would cure my stomach trouble I told him it can't be done." However, he finally persuaded me to try it and to my surprise it did. All symptoms of acute indigestion and gas having disappeared. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

Holiday Stickers

Once more the season is coming when we will be called upon to buy Christmas Stickers, little messengers of hope to souls that have been closed against it. These little holiday stickers are sold at the happiest time of the year and it is appropriate that they, bearers of gladness, should make their appearance at such an opportune season.

Seal salesmen are organizing; lines are being drawn tight and Saturday they will hear the signal that sends them out against the enemy of ill health, hopeless desolation and finally death. They should meet with ready response from the people of Rush county because there is none in all of the heard confines of this prosperous community who is so ignorant as not to know the appeal which the Christmas Seal makes.

Everyone knows the mission of the Seal. It is out to gather money for those who are afflicted with tuberculosis and to prevent others from being overcome by the most dreaded of all diseases common to mankind. It functions through tuberculosis clinics and visiting nurses who look after the health of those who have not the means to seek medical advice when they should.

We in Rush county have seen what the Seal's money will do and realize what its possibilities are. Therefore

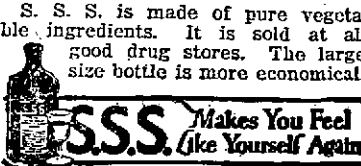

Physical Health means Beauty!

HEALTH and beauty go hand in hand. Where the system is run down—the face drawn and haggard—the body limp and lifeless—beauty is missing. Looks of pity supplant those that might have been gazes of admiration.

Restore your health and beauty will take care of itself. S. S. S.—the rich blood builder—rekindles the spark of health and lights the blaze of beauty by building red blood cells. The nerve power of your system finds life in these very blood cells. Build more red blood cells and your nerve power will increase. S. S. S. builds them. Rich blood will tingle through your system. That lost charm will return. Your entire system will be repaired. You will be ready to cope with the impurities and blemishes that handicap beauty.

As physical health means beauty, so, too, does S. S. S. mean beauty. For S. S. S. means systems that are free from impurities—pimples, blackheads, acne, boils, eczema, rheumatism. S. S. S. and good health go hand in hand.

S. S. S. is made of pure vegetable ingredients. It is sold at all good drug stores. The large size bottle is more economical.

Johnson's Candidacy

A voluntary correspondent of the Indianapolis News, living in Chicago, wonders how Hiram Johnson of California expects to win the republican presidential nomination with a chewing gum factory back of him, when Leonard Wood couldn't do it in 1920 with soap factory furnishing the funds that oiled the political machinery.

And this correspondent has cause for wonderment. Proctor's soap bubbles exploded and Gen. Wood was defeated as he should have been, because of his wanton use of money in the effort to capture the nomination. Now the California volcano is going to attempt to stick down the delegates with chewing gum. Millionaire Wrigley is definitely lined up with Johnson and his candidacy.

The national convention indicated by its action that it frowned on the practice followed by Wood's managers in trying to buy a nomination. Johnson should be sat upon just as emphatically.

It will be difficult for party men to lend aid and comfort to Johnson's candidacy. They can not soon forget that he walked out of the 1912 convention and was second in command of the movement that submerged the G. O. P. ship; that he defeated Hughes in California in 1916, and that he seldom is lined up with the majority in the senate.

It's Up to Us

Conditions all over the United States are prosperous. Working men are employed at good wages and factories are selling their output at good prices.

What interest has any citizen of the nation in supporting political policies or candidates for office tending to destroy confidence, curtail payrolls and limit production?

Every citizen, regardless of his politics, and every political party should fully realize that responsibilities involved in disturbing the present industrial condition in this nation through the adoption of theoretical experiments or questionable candidates for office—local, state or national.

It is well to remember that in the long run we all make our living from industry and agriculture as it grows and prospers under a stable form of government rather than from political experiments which destroy value and the opportunity for growth and development.

A. B. C. FROWNS ON CONTESTS

(The Publishers' Auxiliary)

Circulation gained by contest methods was frowned on by the Audit Bureau of Circulations at its annual meeting in Chicago last month. In fact, it went further than that, as it stated point-blank that subscribers added by means of contests will not be classed as net paid subscribers hereafter in rendering a report to advertisers.

To get the importance of the ruling, one must know that the A. B. C. is one of the great powers in the newspaper game today. Even more than the Associated Press it is a neutral organization. Its judgments are taken as gospel by all big advertisers. Money will not buy its favorable report, nor will prejudice keep a deserving paper from being praised. That being so, it means that when it says contests do not get readers who are of any value to a paper, it means just that.

A homely woman with a lot of money can get married as quickly as a beauty, but she will not get the soulmate she desires, except in rare cases. A paper with a circulation gained through the free offer of an auto, or a trip to Atlantic City, will not get results for an advertiser like the paper that has real merit back of it.

When the A. B. C. says contests do an advertiser no good it comes pretty near being the fact. Contests are just stimulants. Like morphine they leave the patient in worse condition at the finish than they found him. There is no deviation from this rule in medicine. In newspaper work there are some who get by and show a certain profit, but the proprietor usually finds himself giving away papers two or three, or five years afterwards, long after the money has been spent and forgotten.

An editor should make a paper that should be taken for itself alone, backing it up with all kinds of advertising in his own columns and along the roadside, but he should avoid sugar-coating the pill for his subscriber.

FIFTEEN YEARS

AGO TODAY

From The Daily Republican
Tuesday, Nov. 24, 1908

One of the most disastrous country fires in the county for many years was the conflagration last night on Mrs. Jerome Ellison's farm, six miles southwest of here, which resulted in an \$8,000 to \$10,000 loss. The farm is occupied by Orlic Green and together with the owner, he sustained a heavy loss. Eleven head of fine horses were burned alive in the fire.

Twenty pupils of music, who have been taking lessons under the tutelage of Sister Mary Louise, gave a recital at the old Catholic church last night and was attended by two hundred of their friends.

Charles Combs, the popular young son of Mr. and Mrs. William Cobs of Glenwood, and Miss Bessie Carter, the accomplished and one of the popular young ladies of this city, the daughter of Mr. and Mrs. Mort Carter of North-Sexton street, were secretly married in Newport, Kentucky, September 10, 1908.

The first number of the lecture course under the auspices of the Senior class of the Rushville high school will be given by the Ladies Commonwealth orchestra of Boston at the Main street Christian church tomorrow evening at 8:15 o'clock.

A forest fire of great extent which had been raging in the country just south of Orange since last Saturday afternoon, was put out last night, says the Connersville News, after persistent fighting by all the farmers of the neighborhood. The source of the fire is unknown, but it is believed to have spread from a cigar stub dropped among the dry leaves.

Mrs. George Davis personally conducted the members of the Coterie on a tour of inspection of the Rushville telephone plant Monday afternoon, after entertaining them with a most intensely interesting and instructive paper on the telephone from its earliest inventions to the time when Alexander Graham Bell became the inventor of the telephone in America.

Miss Flora Gutapfel will attend the wedding of her cousin, Miss Mollie Schweitzer in Sunman, Ind., on Thanksgiving day.

Miss Nancy Hogsett and Mrs. Fanny Study will see Nat Goodwin in "Cameo Kirby" at English's in Indianapolis, Thursday evening.

Miss Arleigh Offutt returned yesterday afternoon from a week's visit in Indianapolis.

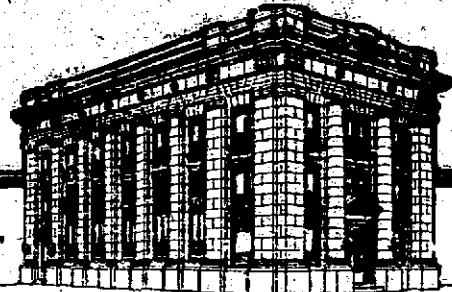

Mrs. Hillary Haydon and children left yesterday for a short visit with Mr. and Mrs. Mark Williams in Seymour.

Rev. A. N. Marlatt of Connersville will go to Kenosha, Wisconsin, tomorrow night, to spend Thanksgiving day with his son, Walter T. Marlatt, city editor of the Kenosha Evening News. While there Rev. Marlatt will baptize his grandson, Walter T. Marlatt, Jr.

Secret of His Success

One of the most noted, successful and richest men of this country in a recent article said, "Whatever I am and whatever success I have attained in this world I owe it all to my wife. From the day I first knew her she has been an inspiration and the greatest helpmate of my life." Health is the first essential of every woman who wants to be a successful wife and to hold the love and admiration of her husband. If a woman finds her energies flagging and dark circles appearing under her eyes, she has backache, headaches, nervousness and "the blues," she should take Lydia E. Pinkham's Vegetable Compound the medicine which holds the record of helping 98 out of every 100 women who try it. There is nothing better.

HITTIN' 'EM AND MISSIN' 'EM

Our R. H. S. Dum Bell told us today that her team was going to take the "spice" out of Spiceland tonight. You tell your Roarin' Lions to be careful and not let Spiceland take the "rush" out of Rushville.

No, Dum Belle, we are not worrying about the Colts. We feel sure that they will win their game.

Our county stable only has six stalls, but by that time, we can hitch some of 'em outside.

DID THEY LOSE THEIR SUITS
OR THE BASKETBALL GAME
(Batesville Herald)

Yes, we went to Moores Hill Fri-

day evening. The boys christened their new suits. We were determined to win both basketball games, but the Fates had planned it differently, so we came home losers. We had a good time anyway and enjoyed the trip.

Regardless of what the score might have been, they enjoyed themselves, and that is the main thing in life after all.

Wonder If They Will Have a Team

(Big Sandy, Ky., Advertiser)
There is a new postoffice being erected midway between Milo and Joh. It will be known as Add. Ky. Tivis Fannin will be the postmaster.

Carthage expects to trim Milroy tonight on their court at Milroy. Maybe the home team might have something to say about it.

Look out Connersville. Hagerstown will about trim you tonight.

Dope also favors Martinsville to beat Columbus tonight at Columbus.

Passaic, N. J., will soon cut loose again. Last year they piled up 1,871 points against their opponents 669. The lowest score they made was 31, and the highest 133.

KNOW THE GAME AS IT IS BEING PLAYED

Question: Must the players face toward their "own" baskets when jumping in center or elsewhere?

Answer: No particular facing is required.

Question: May players catch the ball when jumping in center or elsewhere?

Answer: No, it must be tapped first, but the jumpers or any other players may catch it immediately after it has been tapped.

Newcastle will be at Spiceland tonight to see Rushville in action, judging from the following by Markin:

MAY SEE YOU HITTIN' 'EM
Everybody's going to Spiceland tomorrow evening, if they don't go to Hartford City, where they can witness the Rushville Roarin' Lions-Spiceland scrap.

WE'LL DO OUR BEST

"Well, Hittin' 'em, step on the gas and beat Spiceland, we are boosting for you," says Markin's 'em up.

BIG TEN TEAMS TO END SEASON

Conference Football Curtain will Descend On What Has Been Termed A Successful Season

FINAL GAMES SATURDAY

Illinois And Michigan, Leaders And Undeclared, Will Meet To Decide Championship

Chicago, Nov. 23.—The curtain will be run down Saturday on the 1923 football season of the Big Ten conference, one of the most successful in the history of the game in the middlewest.

Two powerful teams—Illinois and Michigan—both undefeated and tied for conference leadership, take the field against worthy opponents in an effort to complete their schedules without a stain. Illinois, playing a harder schedule than the Wolverines, journeys to Columbus, O., to face Wilce's Ohio-State eleven. If the Illini win as expected, they will have come through five conference games without defeat. In addition, Illinois defeated Nebraska and Butler College.

Michigan stays at home to meet the powerful Minnesota squad, which has been coming along without defeat. Minnesota was virtually put out of the running by playing to a scoreless tie against Wisconsin. The Yostmen are expected to win by a small margin from the Gophers, giving them four conference victories in as many starts.

Wisconsin and Chicago meet in another game at Stagg Field. Neither team has much advantage, except that Stagg's men are possibly in better physical condition.

Northwestern, kicked around all over the conference this year, entertains Iowa at the Evanston, "home coming." Coach Thistlethwaite has announced he will discard sentiment and put young material into the lineup although it will be the last chance for several of his regulars to appear in Purple suits. Iowa should encounter no difficulty in winning by a comfortable margin.

Indiana and Purdue, both put out of the running early in the season, will clash at Bloomington for the "Big Ten championship of Indiana."

With every member of the Big Ten playing this Saturday, all interest in the east centers in the Yale-Harvard game. All Harvard men know at heart that the only chance for victory rests in the possibility that Yale will beat itself. Yale teams have done such things in the past.

Playing to the vanity of Yale in the hope of filling the team with too much confidence, Harvard is sending out "gil Dobie" lamentations and Harvard men in New York maintain its 5 to 2 against us.

Yale not only feels sure of victory but its fondest hope is to score more than 41 points, a record that Harvard holds over Yale since 1915.

Because Yale has such a chance to smear Harvard, the Yale-Harvard game outranks the classic Army-Navy battle here Saturday in general interest. Both games will be jammed to the capacity of the fields but Harvard and Yale have the biggest following for the day.

Navy this year is in much the same under-dog position of Harvard. Both cadets and midshipmen have been defeated this year, but the Army looks to be two touchdowns better than the Navy eleven.

The cadets have a powerful team, a fine backfield behind a great line, but the soldiers are not as mentally alert as Yale, Cornell, Syracuse and the other leading eastern teams.

A lot of eastern interest will follow the Syracuse team to Nebraska. Despite its defeat last Saturday by Colgate, Syracuse is still one of the real teams of the east. Syracuse defeated Nebraska last year after Nebraska had beaten Notre Dame and the same situation presents itself this year.

Third Down! One Yard To Go!

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Nov. 23.—Football is on the third down tomorrow with one yard to go. The major teams that will not buck the last game over the line tomorrow will have their last down in the Thanksgiving Day games on next Thursday.

Activity in the east is almost entirely confined to the Yale-Harvard and the Army-Navy games and it is just as well that the schedule for the day is light, as there is hardly enough room for those two big classes of the season.

Yale and Harvard will play before 70,000 spectators in the Harvard stadium at Cambridge and the Army and Navy will battle before 65,000 in the Polo Grounds here.

The crowds that will be packed in for both games will be only a small part of the mob outside the games that would be looking on if they could find a place or a ticket.

Yale's return to the old days of great teams has revived interest in

the battle between the two ranking members of the "Big Three." In the past three years, the Yale-Harvard game to the public has just been a game with a lot of tradition behind it and a game that presented an opportunity to display a high social position by getting hold of a ticket and boasting about it.

But with Yale standing for the championship of the east and the word going around in Yale circles that Tad Jones' team will try to give Harvard the worst beating in its history, has aroused great interest.

For some reason, large numbers of easterners like to see Harvard beaten, and while Yale is not the most popular university in the east, part of the public is behind any team that looks like a winner over Harvard.

If Yale does not beat Harvard tomorrow, Yale will feel like quitting football, and the east probably will vote: "You should quit."

Among the 65,000 that will gather in the Brush stadium tomorrow will be only army and navy officers, ranking politicians from Washington, cadets and midshipmen and those who "know" army and navy officers, politicians or cadets and midshipmen well enough to pry a ticket away from them.

SEASON CLOSURES AT I. U. SATURDAY

Will Clash With Their Old Time Rival, Purdue On Jordan Field, Bloomington

PURDUE HAS THE EDGE

Coach Ingram Has Been Putting His I. U. Warriors Through Stiff Practice This Week

Jordan Field Statistics

Number of games played	95
Number of games won by Indiana	74
Number of games won by opponents	17
Points scored by Indiana	3115
Points scored by opponents	419

Bloomington, Ind., Nov. 22.—Indiana will close its 1923 football season Saturday on Jordan field in a game with its ancient rival Purdue. All through a season of reversals the Crimson team has been pointing to the contest with the Boiler Makers. Early in the year Coach W. A. (Navy Bill) Ingram centered the interest of his men on this bitter struggle and has not allowed them to relax in their preparation since the first day of football practice late in September. At Annapolis, where Ingram starred for three years, a season of defeats is entirely forgotten, if the sailors finally triumph over their traditional soldier rivals from West Point. At Indiana much the same feeling prevails over the coming contest with Purdue.

Indiana will enter the game as the under dog. Comparative scores show Purdue to have the edge. Wabash, played to a 7 to 7 tie by the Boiler Makers, defeated Indiana 29 to 6. Indiana defeated Northwestern 7 to 6 while Purdue downed the Purple, 6 to 3. Chicago defeated Purdue 20 to 6, and downed Indiana 27 to 0; Purdue has scored a total of 65 points compared with her opponents' total of 103. Indiana has counted 46 points to her opponents' 117. Crimson fans are placing little faith in the scores for the season, however. They remember only the flashes of real football that Indiana has played during the fall. They are basing their hopes on the Crimson's victory over Northwestern, and the great stand the Hoosiers made against Chicago for three quarters.

Ingram has spared no effort to have his men in perfect condition for the fray, and is putting them

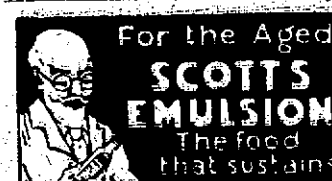

through one of their hardest weeks of the year. The freshman team, using Purdue formations, scrimmaged against the varsity every afternoon early in the week, and Ingram promises no letup until Friday, when he will allow the men to relax in preparation for the battle on the following day. The injury to Lawrence Marks in the Wabash game made the Crimson cause bleak for a time, but the sophomore halfback has improved and it is almost certain that he will be able to play at least a part of the Purdue game.

Saturday's battle, which is the feature event of Indiana's 1923 Homecoming for alumni, is significant because it will be the last football game played on historic Jordan field. Indiana's new memorial stadium will be ready for use next fall and the old field will then be converted into a practice gridiron.

Indiana fans believe a fitting close for the gridiron will be a victory over Purdue. The Hoosiers have made an available record on the old stamping ground and to them it would be nothing less than tragedy to close the gates with defeat. Of the 95 games played on Jordan field, Indiana has triumphed in 74; 17 have been won by opponents; and 4 have resulted in ties. In the 26 years of competition on Jordan field the Crimson has scored 3,115 points against 419 for invaders.

The field has been the scene of many thrilling engagements and the greatest teams of the Mid-West, as well strong teams from the East, have battled within its enclosure. The hardest fought games of all have been the annual struggles between Purdue and Indiana.

Neither team has a successful record for the 1923 season but Purdue holds a slight edge by comparative scores. A fierce battle is expected, however, since history shows that the rivals battle super-humanly when pitted against one another. On the all-time record, Purdue has won 12 games to Indiana's 8, and three have been ties. Purdue has not won a victory over Indiana, however, since 1915.

COACHES TEAM HANDICAPPED

Defeated by Greensburg Y. M. C. A. Five Thursday Night, 45 to 23

The Rush county coaches basketball team, playing under a heavy handicap, was defeated Thursday night by the Greensburg Y. M. C. A. team at the Greensburg "Y" by the score of 45 to 23. Three of the regular players of the Rush county team were unable to be in the game, which made defeat practically certain. Blythe Seales of Raleigh and Jimmie Hyatt of Arlington were both absent from the line-up and Paul Royalty of Milroy arrived barely in time to play the last half.

The Greensburg team is strong, being composed of some former Sandusky high school stars.

The regular meeting of the Tri Kappa sorority will be held at the home of Miss Helen Thomas in North Perkins street Monday evening. All members of the sorority are urged to be present.

The Willing Workers of the Orange Christian church met with Mrs. Frank Crist Thursday afternoon and completed arrangements for the bazaar, chicken dinner and oyster supper that will be given at the church Christmas day.

The Ladies Aid Society of St. Paul's M. E. church will meet Tuesday afternoon at 2:30 o'clock with Mrs. John P. Frazee, 509 North Main street. Her assisting hostesses will be Mrs. Susan McGugin and Mrs. Charles Moore.

Mr. and Mrs. Wint Hurst entertained a number of their friends at their country home south of the city Thursday evening. The evening was enjoyed with music and games. The hostess was assisted by her niece, Miss Loraine Robertson.

The name of Claude Thompson was unintentionally left out of the list of guests who attended Mr. and Mrs. Green Thompson's birthday celebration at their home in Glenwood Wednesday. Mr. Thompson is the only son of Mr. and Mrs. Green Thompson.

About twenty relatives and friends of Mr. and Mrs. Thomas Smith delightfully surprised them Thursday evening at their home in North Sexton street, honoring the latter's birthday anniversary. A delicious pitch-in supper was served and the evening was spent in playing cards and with music.

Mrs. Quince Whitton planned and carried out a delightful surprise Thursday evening on her husband, honoring his birthday anniversary. The party was held at their home in

West Fifth street and a delicious pitch-in supper was served to about thirty-five relatives and friends of the honored guest. The evening was spent informally with music.

Art Payne and His Orchestra of Louisville, Ky., scored a big hit with the dancers in this city, Thursday evening, when they played for the dance given at the Elks dance hall in East Second street. About forty couples enjoyed the evening in dancing, including a number of out-of-town guests. The Elks club will also have another dance next Thursday evening, which will be the annual Thanksgiving dance.

The King's Heralds of St. Paul's M. E. church held a splendid meeting Thursday afternoon at the home of Mrs. J. H. Scholl in North Jackson street. In the absence of the president, the vice-president, Charles Davis, presided over the meeting, and led the devotional period, which opened the program. Mrs. Scholl gave the lesson which was on "Japan" and Miss Edna Dolan gave a reading. Thirty members and eight guests were present for the meeting, and three new members were added to the organization. Dainty refreshments were served by the hostess at the close of the meeting.

The Christian Union Aid Society of Homer and a few guests were royally entertained at the country home of Mrs. Charles Cassidy on Thursday afternoon. The meeting was opened by singing "America," followed by the reading of the scripture by the president, Mrs. Annie Abernathy, and prayer. Mrs. Nellie Booher also led in prayer. During the business session plans were made for the food sale to be held at Shelbyville, Wednesday, November 28. Then a literary program was given consisting of readings and an interesting talk by Mrs. Dessie Lower on her trip through the west. At the conclusion of the program the guests were invited into the dining room where a two course luncheon consisting of oyster soup and coffee, and brick ice cream, cake and punch, was served. The next meeting will be held at the home of Mrs. Annie Abernathy in Homer. Every member is requested to be present and to bring a package not to exceed 25 cents for the Christmas grab bag.

Freindship Is The Fundamental Of Christianity-R. E. Mansfield

Mrs. Verl Belmont. Two readings entitled "Penrod's Busy Day," and "A Woman's If," were splendidly given by Mrs. John M. Swain, wife of the high school basketball coach. Mrs. Barton gave the same numbers she rendered at the first hour, and as

the closing feature Mr. Mansfield gave his talk.

The home was very prettily decorated for the occasion with yellow chrysanthemums, ferns and floor lamps, their lights casting a soft yellow glow over the rooms. At the close of both hours tea and wafers were served to the guests. At the first hour Mrs. Fisher and Miss Jesse Anderson presided over the tea tables, and at the second, Miss Helen Scudder and Miss Anderson poured the beverage.

The different societies of the city responded splendidly to the invitations and the hostesses want to thank their guests for the liberal offering they gave for the benefit of the new basement fund of the St. Paul's M. E. church.

completed until August. A number of conferences led up to the final arrangements for the pool, according to the testimony.

Goodrich said he investigated McCray's financial standing only in so far as the assets turned over to secure the \$350,000 loan were concerned.

The witness was unable to tell just how the money was returned to the state board of agriculture.

"You took over 10,500 shares of the common stock of the Warren T. McCray Farms Realty company for your trust, did you not?" Goodrich was asked.

Goodrich verified the transaction, and said the company held 4,262 acres of land.

"What value do you place on the stock of the company on October 6, 1923?"

The petition in bankruptcy was filed Oct. 6.

Attorneys for McCray objected strenuously to the question.

"Twenty-five to 50 cents on the dollar," Goodrich answered. "There is no sale for it now."

The ladies of the Blue River Baptist church will hold a chicken exchange Wednesday morning, November 28, in the American Security office.

Miss Mary Jenken's class of the Main Street Christian Sunday school will hold a food exchange at the Weeks meat market Saturday morning.

New Version.

As the motorcar drew up, the best man affixed behind it a long "streamer" with the words "Under new management" on it. Thus the amused passersby learned of the marriage, while the husband and wife were blissfully unconscious of what caused so much amusement.

All Over Indiana

Tipton—"Very humiliating" said Mrs. Ida Farmer when her husband became infatuated with a step-daughter and left for parts unknown. She asks a divorce.

Greensburg—The old Billy Glass tavern, reputed to be the oldest building in the town of Adams, is to be torn down to make room for a garage.

Brownstown—The Jackson county jail here is a pretty lonesome place these days. Charles Sheldon, the only prisoner, wouldn't have been there if he hadn't failed to pay his dog taxes. His sentence of fourteen days ended today.

Fort Wayne—Police here are looking for a buckster who sold a grocer ten cases of strictly fresh eggs. The man collected \$123 and departed when the grocer unpacked the eggs, he found that in each case there was one layer of eggs. Beneath this layer nothing but paper and bricks were found.

Charubusco—George Collman took a revolver with him when he went into the field to husk corn in the hope he might pot a rabbit. He found a rabbit, but in his hurry to hit him, he shot himself through the hand.

Richmond—The Henry Shaw gold medal, the highest prized American floral award, given for the most attractive new flower, has been awarded to the "Sensation" rose originated by Joseph E. Hill, Richmond florist.

Portland—An all-city cantata for the Christmas season is planned by the Portland Musical club. The chorus will be composed of members of every choir in the city.

Columbus—Santa Claus has opened a branch factory here. Beginning this week, Christmas toys are to be made by the manual training students of the high school.

Terre Haute Observance

Terre Haute, Ind., Nov. 23—So far as 13,000 school children in Terre Haute are concerned, educational week could go by without being observed.

Tonight in honor of Education week from 7 until 9 all classes, from Kindergarten to high school, will go through the regular day routine for the benefit of parents and visitors. It is the first and perhaps last time that children here will attend school at night.

Tomorrow evening the 500 city school teachers will give a song fest in the Wiley High school gymnasium.

Bats Are Cleanly.

Bats are very particular about their personal cleanliness. They wash their faces with the front part of the wing, and curiously their fur with the sharp claws of their hind feet. The young are born in June and number one or two. For two weeks after birth the young hang to the mother and are carried by her on her nightly flights.

Where Body Was Found

MOVIES

"Habit" At The Castle

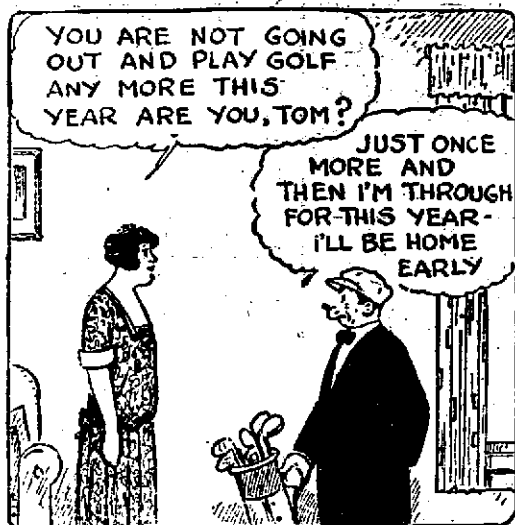

On the heels of "If Winter Comes", which scored a tremendous hit at the Castle theatre, comes another Fox triumph of a very different sort, but talked about as much, in a comedy for Friday and Saturday, called "The Unreal News Reel", using as a slogan "Sees All, Knows Nothing". It is a burlesque on the present day news reels, hard to describe with the word it is so unique and different.

To be shown in conjunction with this picture, will be "Habit", featuring Mildred Harris today and Saturday.

So popular in theme and so full of drama is "Habit" that it is head and shoulders above the ordinary screen drama written by some unknown scenario writer. It fairly snaps and sparkles with clever lines and tense situations. It is superbly mounted and so splendidly enacted by a well balanced cast, including Mildred Harris. It tells of the evil of allowing habits to enslave us. It deals with the forbidden fruit of desire with swift bold strokes that carry the spectator breathlessly to the conclusion.

Perhaps the scenes of most interest to women are those in the atelier of a Fifth Avenue importer and designer, where models wearing

a hundred thousand dollars worth of furs and furbelows parade. The extent and riches of the fashions shown will interest all women in that these styles are all actual ones that will be worn this winter by leaders of fashion.

Hoot Gibson at Mystic

In former years it was only the old trouper of the stock company who could play any kind of a part in short notice, but Hoot Gibson in "Single-Handed," the Universal attraction at the Mystic today only shows that nowadays it's the screen

that produces the real Protean player.

Gibson, formerly noted for his western characterizations, has recently been appearing in an entirely new kind of role. In "The Gentleman from America," he portrayed a dumb-bell American dough-boy blundering about Europe after the armistice. In this story he surpasses even that comedy cream in the role of a country town boob who gets into more comical situations than a dozen ordinary people, and takes them twice as seriously.

"Single-Handed" was written for

Gibson's use by Edward Sedgwick, who directed the star in many of his most successful photo-plays. Sedgwick also directed the production from George C. Hull's continuity.

To assure perfect interpretation of the story, Universal selected players of unquestioned ability to support Gibson, including Elinor Field, Tom McGuire, Dick La Reno, William Steele, Phillip Sleeman and others.

Vaudeville At Princess

Novelty musical entertainers, Flores Diana and Mark Galvan, will be the headline attraction as a vaudeville bill today and Saturday at the Princess, in connection with the usual showing of motion pictures.

Stories of crook life, as well as pictures that depict the simple country life, are always interesting. When these two phases of life are blended in a picture by such an expert director as Irving Cummings, aided by Alice Lake, Milton Sills, Ralph Lewis, Gertrude Claire, Ben Hewlett and Richard Hendrick, a startling, thrilling and entertaining picture is sure to result.

In "Environment," a new Principal Picture which is being shown today and Saturday at the Princess, Mr. Cummings has made a feature of extraordinary force. The story was written by Harvey Gates, an author who knows his subject matter and has translated it into terms of compelling drama—the drama of life in the underworld of a big city—the drama of a storm-tossed soul who found environment—the drama of a crook who found redemption. To miss it is to miss the treat of the season.

"Spice Of 1922"

Opening Monday night, November 26th, for all week with special matinee Thanksgiving Day at 2:30, the attraction at the Murat, Indianapolis, will be "Spice of 1922", a musical revue which comes to us after a run at the New York Winter Garden and after touring the coast. There will also be matinees Wednesday and Saturday. It is presented by Edward L. Bloom, Manager of all the Messrs. Shubert Winter Garden attractions. This revue was written by Jack Laid and is in two acts and exactly 31 scenes.

There is a special orchestra under the direction of Andy Byrnes and we are promised the original company intact.

"Spice of 1922" is different in its construction from other musical revues seen here in many seasons. While it is revue like in character, "Spice of 1922" has a satirical story and portrays the foibles of the well known human race in the most amusing fashion, in song, story, dance and numerous skits written by Jack Laid. The cast is headed by Brendel and Berb, who have not been in Indianapolis for a long time last appearing in one of Passing Shows.
